1. Irrigation Committee Meeting – Discuss Irrigation Rate Changes for FY2024- Kristina presented to the council that the Irrigation fund is not self-sustaining with the time and labor that is spent vs. the income received. She suggests that the council may decide whether to increase the rates for irrigation to correct the issue. The council decided that an irrigation assessment be done prior to any rate changes and that the clerk draft a letter for rate changes so it can be available when needed. Justin motioned to not take labor costs out of the irrigation fund and to audit who can actually receive irrigation water within city limits, Timmie 2nd, motion passed.
